The Fumigating Station  
Very Busy.

How the Chinese and Japanese Servants are Cleansed -- New  
Clothes Sent In.

At the fumigating station in the Kaumakapili church enclosure, a busy corps of inspectors and assistants are constantly at work fumigating people and mail, and tagging old clothes. All the inspectors in the quarantined district report at the station to Dr. Pratt, and everything passing in or out of the lines is subjected to inspection. Since yesterday morning nearly 200 servants, cooks, stewards, nurses and yard boys have been fumigated and passed out of the quarantine district with instructions to go at once to their respective places of work.

Manager Lucas of the Hawaiian Hotel was one of the first to apply to the Board of Health for permission to bring his help out, as his culinary and household business was at a standstill and no meals could be served the guests until he got them out. A batch of twenty were found and escorted to the fumigating station, and bundles of brand new clothes were sent through the lines for them to don.

After being lined up in the receiving room, each man was given a tag bearing his name and address. They were then marched into the infected room where they stripped themselves and tied their clothes into bundles attaching the tag to them. Next a cold shower bath was indulged in creating much merriment among the Celestials, who considered the matter very much in the light of a huge joke.

Then the stationary washstands were brought into requisition and a liberal use of Castile soap was enforced upon them, the wash basins containing a solution of disinfectant. After a thorough rub-down the entire naked group was marched into what is called the "non-infected" room, where the new clothing awaited them. Laid out in rows of clothes resulted, small, undersized Chinamen invariably getting the longest clothes and vice versa. There was not enough time, however, at the disposal of the inspectors to await for exact and fashionable fitting, and the motley processions were marched two by two up Beretania street to Nuuanu where anxious and breakfastless householders awaited their coming.

The fumigated employees made remarks to other batches of waiting Celestials to the effect that they had been steamed, smoked, fumigated, almost choked with disinfectants and subjected to hot and cold baths, so that most of those awaiting turned and fled into the remote regions of Chinatown. In this manner the Arlington Hotel employees were scared away, and it was not until 1 o'clock yesterday that Mrs. Kruse was able to run her servants through the fumigating process. Minister Mott-Smith's little Chinese servant, scarcely four feet high, through some mistake was furnished a pair of trousers cut for a man of six feet. Nevertheless, the little fellow seriously and industriously rolled up about two omelets free from trailing the bottoms and lapped the waist-band around his exceedingly small waist until the trousers were safely held up in position. Quite a number of the Chinese and Japs were somewhat in a wondering mood as to who was to pay for their new apparel and felt rather inclined to feel aggrieved at the possibility of having to go down into their own pockets therefor.

## ABOUT TOWN.

Doan's Backache Kidney Pills in Honolulu.

Readers of the Honolulu papers are familiar with it. At first it created considerable excitement. Week after week went by and the good people of Honolulu ceased to wonder and settled down to the fact that what so many of their neighbors said must be true. Any medicine that is endorsed like Doan's Backache Kidney Pills by our own citizens soon becomes a household remedy. Ask any citizen of Honolulu what will cure kidney trouble and the answer invariably is "Doan's Backache Kidney Pills."

Mr. Charles Comey, of Cyclomere street, this city, is one of the many persons who have tried Doan's Backache Kidney Pills with great advantage. He relates his experience thus: "I have been a hack driver for a number of years past and this is an occupation in which, through exposure to weather and much jumping up and down from the vehicle, one is particularly liable to kidney complaint. I suffered myself, from a lame back for a long while, and in my anxiety to get rid of it tried several things which did not reach the root of my trouble. An advertisement acquainted me with what grand work Doan's Backache Kidney Pills were doing, and I got some of them at the Hollister Drug Co.'s store. I used them and with very much profit, for they relieved my back wonderfully."

Doan's Backache Kidney Pills are for sale by all dealers or sent by mail on receipt of price, 50 cents per box, by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name Doan's and take no other.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL station? One generator can furnish power to your pumps, Centrifugals, Elevators, Pumps, Railways and Hoists; also, furnish light and power for a radius of from 15 to 30 miles.

Electric Power being used, saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also, attention is given to House and Marine Wiring.
